Jobless Rate
In America**

“America is a country that was born of revolution, and Americans’ best values are hard work and innovation. Our country has always been at its best when we’ve given everyone a fair shake and their own shot at the American dream. Americans are ready to step up and meet our challenges. The time is right for us to lead again”. Mark Warner - July 25, 2005

Paid for by the Draft Mark Warner for President Political Action Committee. Not authorized by any political candidate or any candidate's committee.
